### School - Summary

This table provides summary information on enrollment, accountability ratings, and whether the school is required to implement a plan to raise achievement in English or Mathematics. Ratings are based on the achievement results on tests taken during the previous academic year and are subject to change based on corrections and additions to student-level records submitted by school divisions.

### Accreditation Adjusted Pass Rates

The Commonwealth of Virginia accredits schools based on the overall achievement of students on Standards of Learning (SOL) tests and approved substitute assessments in English, mathematics, history/social science, and science. Accreditation ratings are based on student achievement during the most recent completed school year or on average achievement during the three most recent school years — whichever is higher. Adjusted pass rates represent achievement in all tested grade levels and allowances made for transfer students and limited English proficient students and credit awarded schools for the successful remediation of students.

## Percentage of Students Passing/Tested/Not Tested

Schools, school divisions, and states are rated according to the progress toward the goals of the No Child Left Behind Act of 2001 (NCLB). This federal law requires states to set annual benchmarks for achievement in reading and mathematics leading to 100 percent proficiency by 2014. Schools, school divisions, and states that meet or exceed all annual benchmarks toward this goal are rated as having made adequate yearly progress (AYP). Schools, school divisions, states must test at least 95 percent of students overall, and 95 percent of students in each of the following subgroups: white, black, Hispanic, students with disabilities, limited English proficient students, and students identified as disadvantaged. Annual accountability ratings are based on achievement during the previous academic year or combined achievement from the three most recent years. **Only student subgroups represented are listed.**

## AYP Objectives

No Child Left Behind requires states to set annual objectives for proficiency in reading, mathematics and participation in testing in these subjects. In addition, schools, school divisions and the commonwealth also must meet objectives for other indicators of academic achievement, including attendance, science, writing, history/social science and graduation. The table below shows how many and which AYP objectives were met.

## Assessment Results at each Proficiency Level by Subgroup

The Virginia Assessment Program includes Standards of Learning (SOL) tests and other statewide assessments in English, history/social science, mathematics, and science. The tables below provide information for the three most recent years on the achievement of students on these tests, including percentages of students who demonstrate proficiency and advanced proficiency. Annual accountability ratings are based on achievement during the previous academic year or combined achievement from the three most recent years. **Only student subgroups represented are listed.**

## Career and Technical Education

Secondary schools report the number of credentials earned by students for passing occupational competency assessments recognized by the National Occupational Competency Testing Institute (NOCTI), state licensure examinations, industry certification examinations, and workplace readiness skills assessments. Prior to 2010-2011, workplace readiness skills assessments were included in the Industry Certification category, but now are reported separately.

## Percentage of Core Academic Classes Taught by Teachers Not Meeting the Federal

### Definition of Highly Qualified

Virginia recognizes the importance of teacher quality in raising student achievement. This table provides the percentage of core academic classes taught by teachers teaching outside of their area of endorsement.
